

WINDOW TREATMENT

THE FINISHING TOUCH

THE PLEATED BLIND

Fenstermann window treatment is the ideal solution for almost every shading situation - 250 different colors and textures in black out, translucent and transparent give every room its own style and theme. All single treatments for windows and doors open bottom-up and top-down to provide privacy and natural light in your rooms at once.

1. This unique window treatment is minimized to the max. With its depth from only 1 inch it fits in almost every window, door and wall nitch.

2. Fenstermann blinds are all custom made and measured by millimeter to guarantee a perfect and tight fit.

arch shaped treatment in translucent

Play with colors in your home and change the ambiente of your rooms just by putting your blinds up and down or both - it's up to you..

Fenstermann window treatment fits every skylight and brings additional color in your home.
